

SNOWBOARD SKILL LEVELS

1. Beginner, have never snowboarded before.
2. Can maneuver with one foot and can slip on both heel-side and toe-side edges.
3. Can perform a skidded traverse in both directions, starting to turn and can stop.
4. Can turn in both directions with speed control and are working on linking turns
5. Can link skidded turns with good speed control and shape, and are seeking more challenging terrain.
6. Can perform linked turns on most intermediate terrain in varying sizes with good speed control, under good conditions.
7. Can begin to carve turns, are seeking more challenging terrain including bumps and varying snow conditions.
8. Can perform carved turns and are refining technique in all snow conditions and terrain.
9. Can ride all terrain comfortably, working on the fine points of efficiency and exploring the extremes of riding.
